

Enabling Gender-Responsive Disaster Recovery, Climate and Environmental Resilience in the Caribbean (EnGenDER)

Massimiliano Tozzi, Project Manager, UNDP

Presentation Outline

Canada

*Empowered lives.
Resilient nations.*

EnGenDER Nexus

Climate Change

Gender Inequality

Disaster Recovery

Behavioral Change

COVID Response

EnGenDER Participating Countries

Antigua and Barbuda

Belize

Dominica

Grenada

Guyana

Jamaica

Saint Lucia

**Saint Vincent and the
Grenadines**

Suriname

EnGenDER Nexus

Appreciating that the 9 participating Caribbean countries are at different stages of removing barriers to gender equality and integrating gender-based analysis into climate change, as well as recovery preparedness, this project aims to ensure that climate change and disaster risk reduction actions are better informed by an analysis of gender inequalities, and decisions are taken to ensure that inequalities are alleviated rather than exacerbated.

Climate Change Adaptation and Mitigation

Sustainable implementation of gender-responsive climate change action

Disaster Recovery

Gender-responsive and resilient disaster recovery

Gender Equality

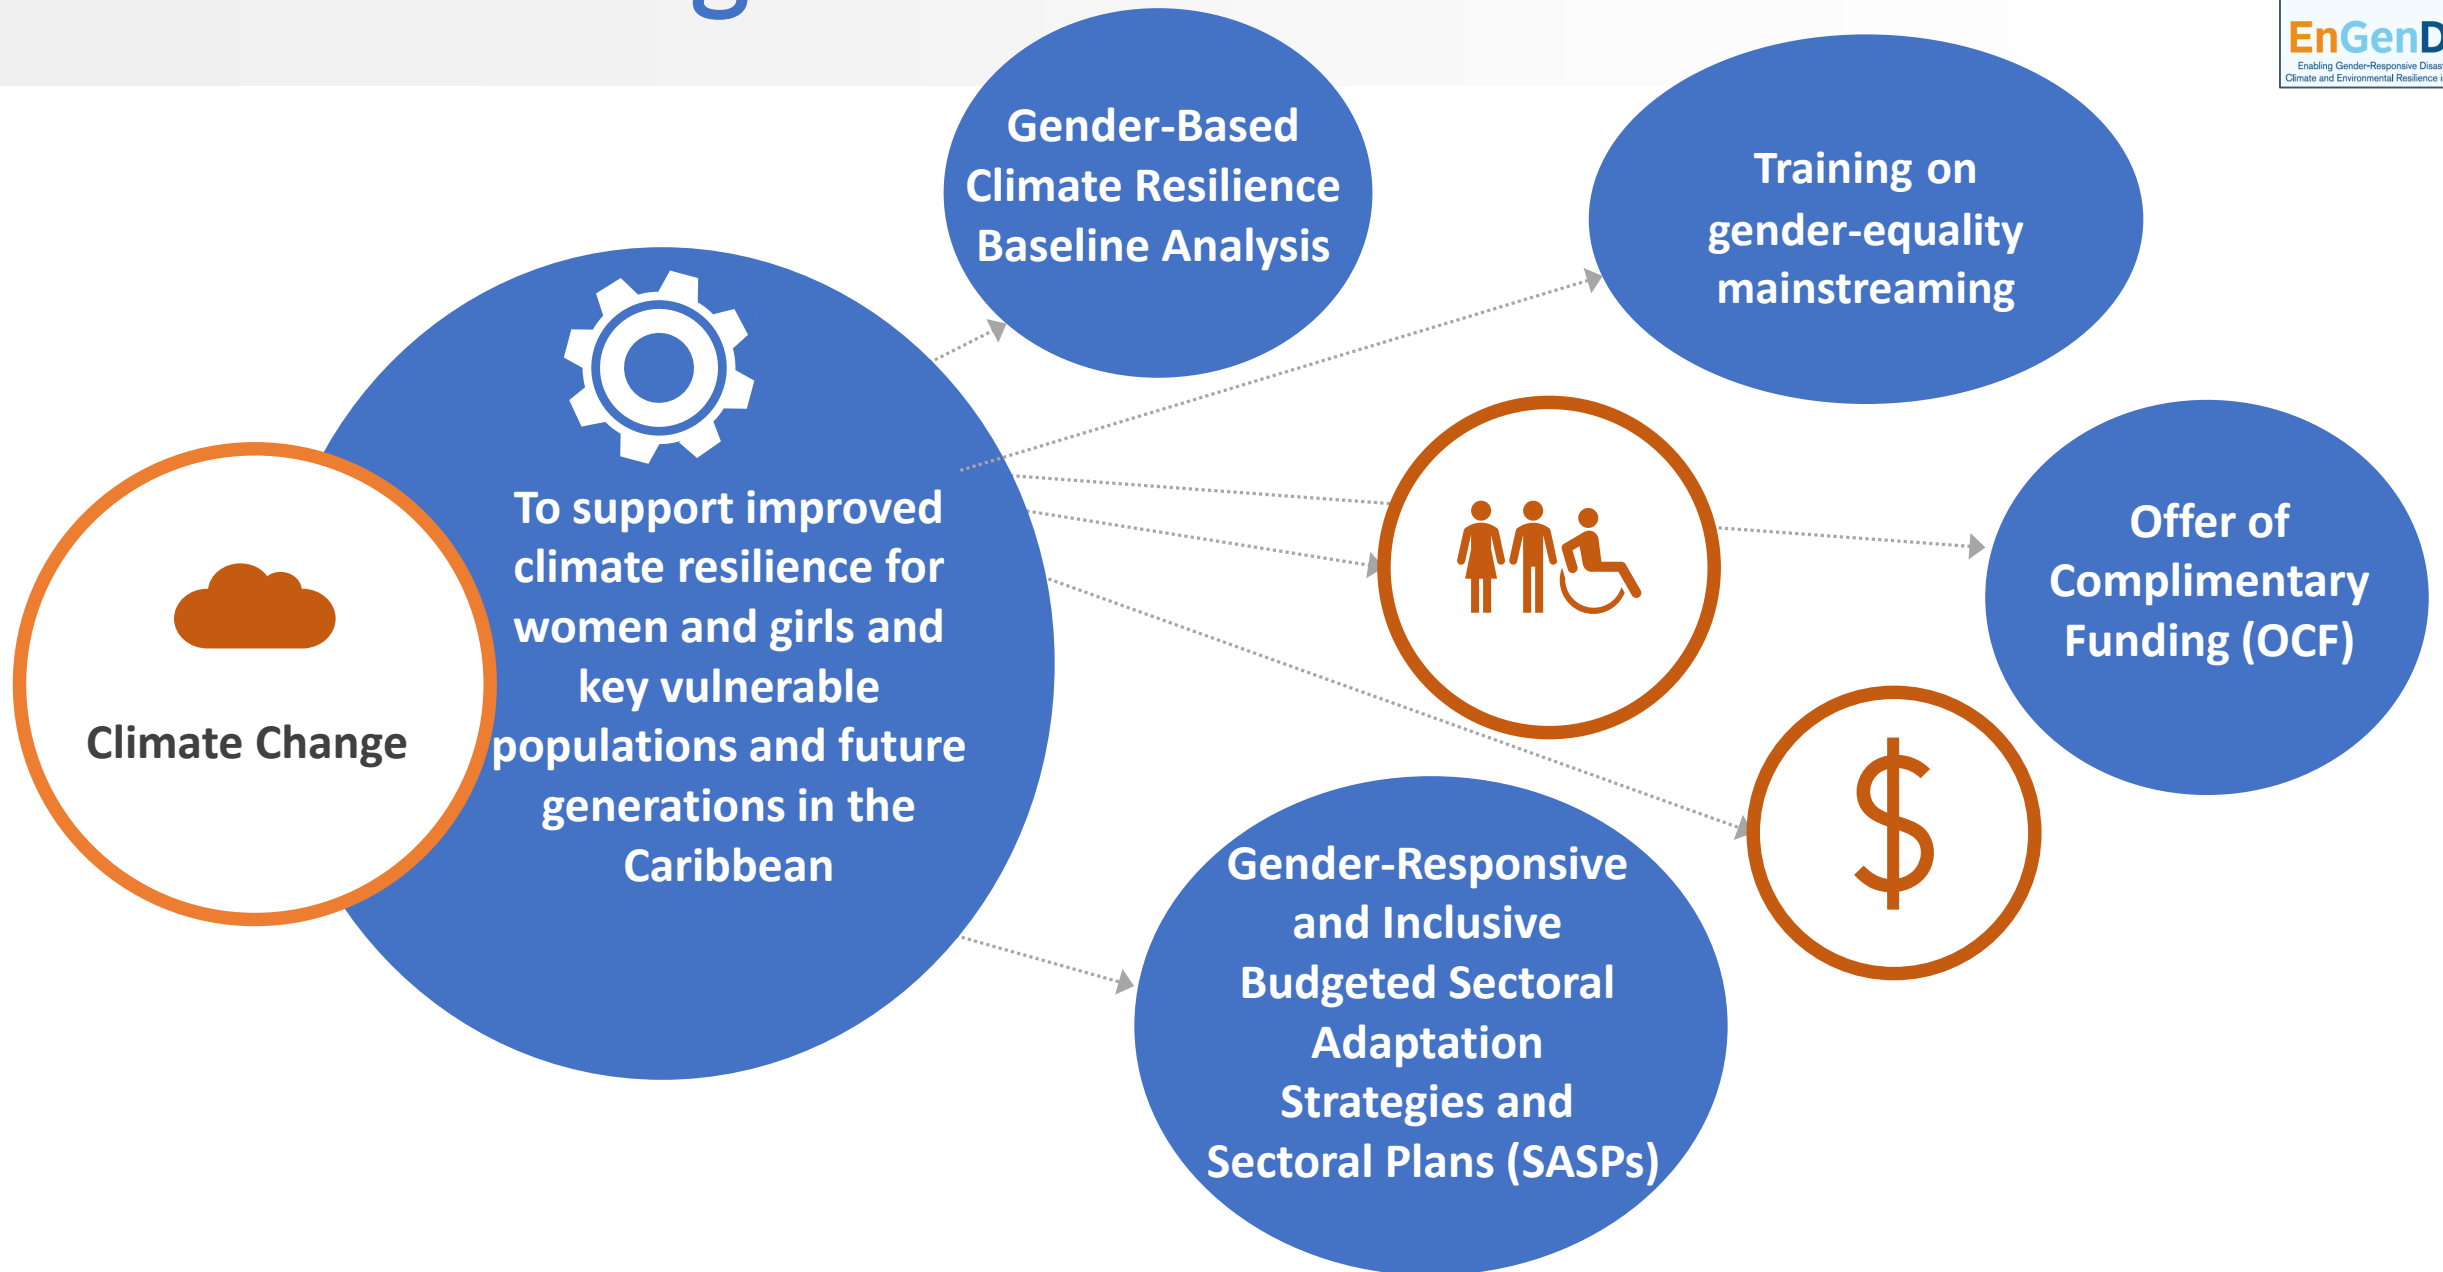

Application of gender equality and human rights-based approaches

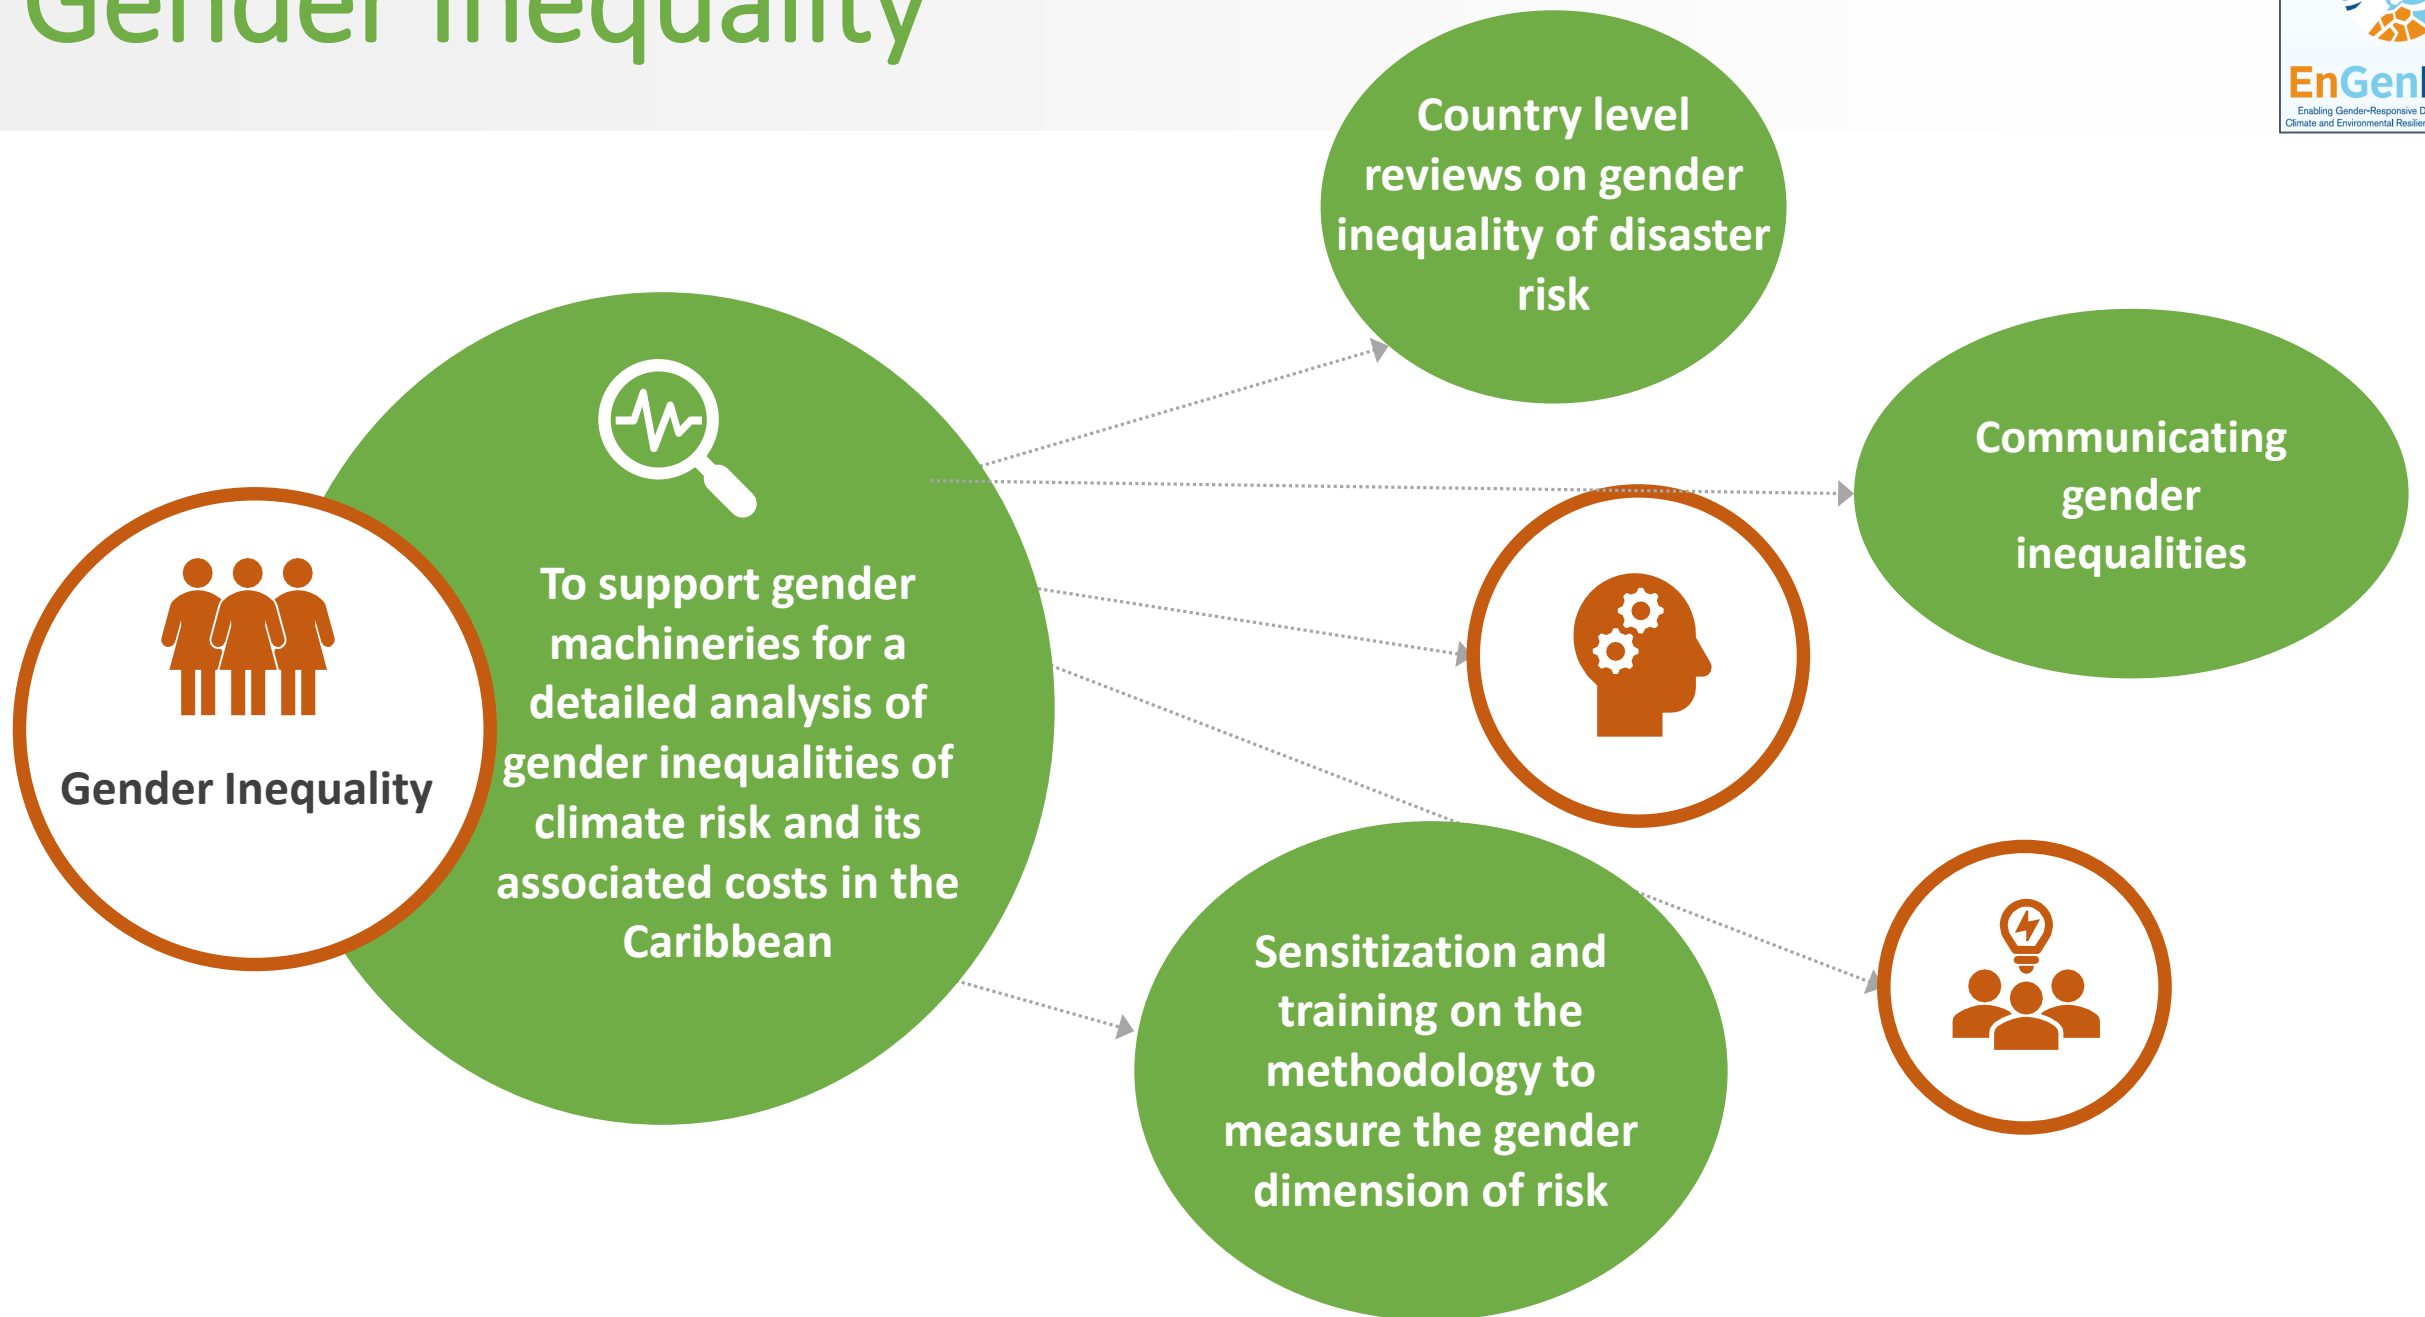

Behavioral change

Facilitating a sustainable change

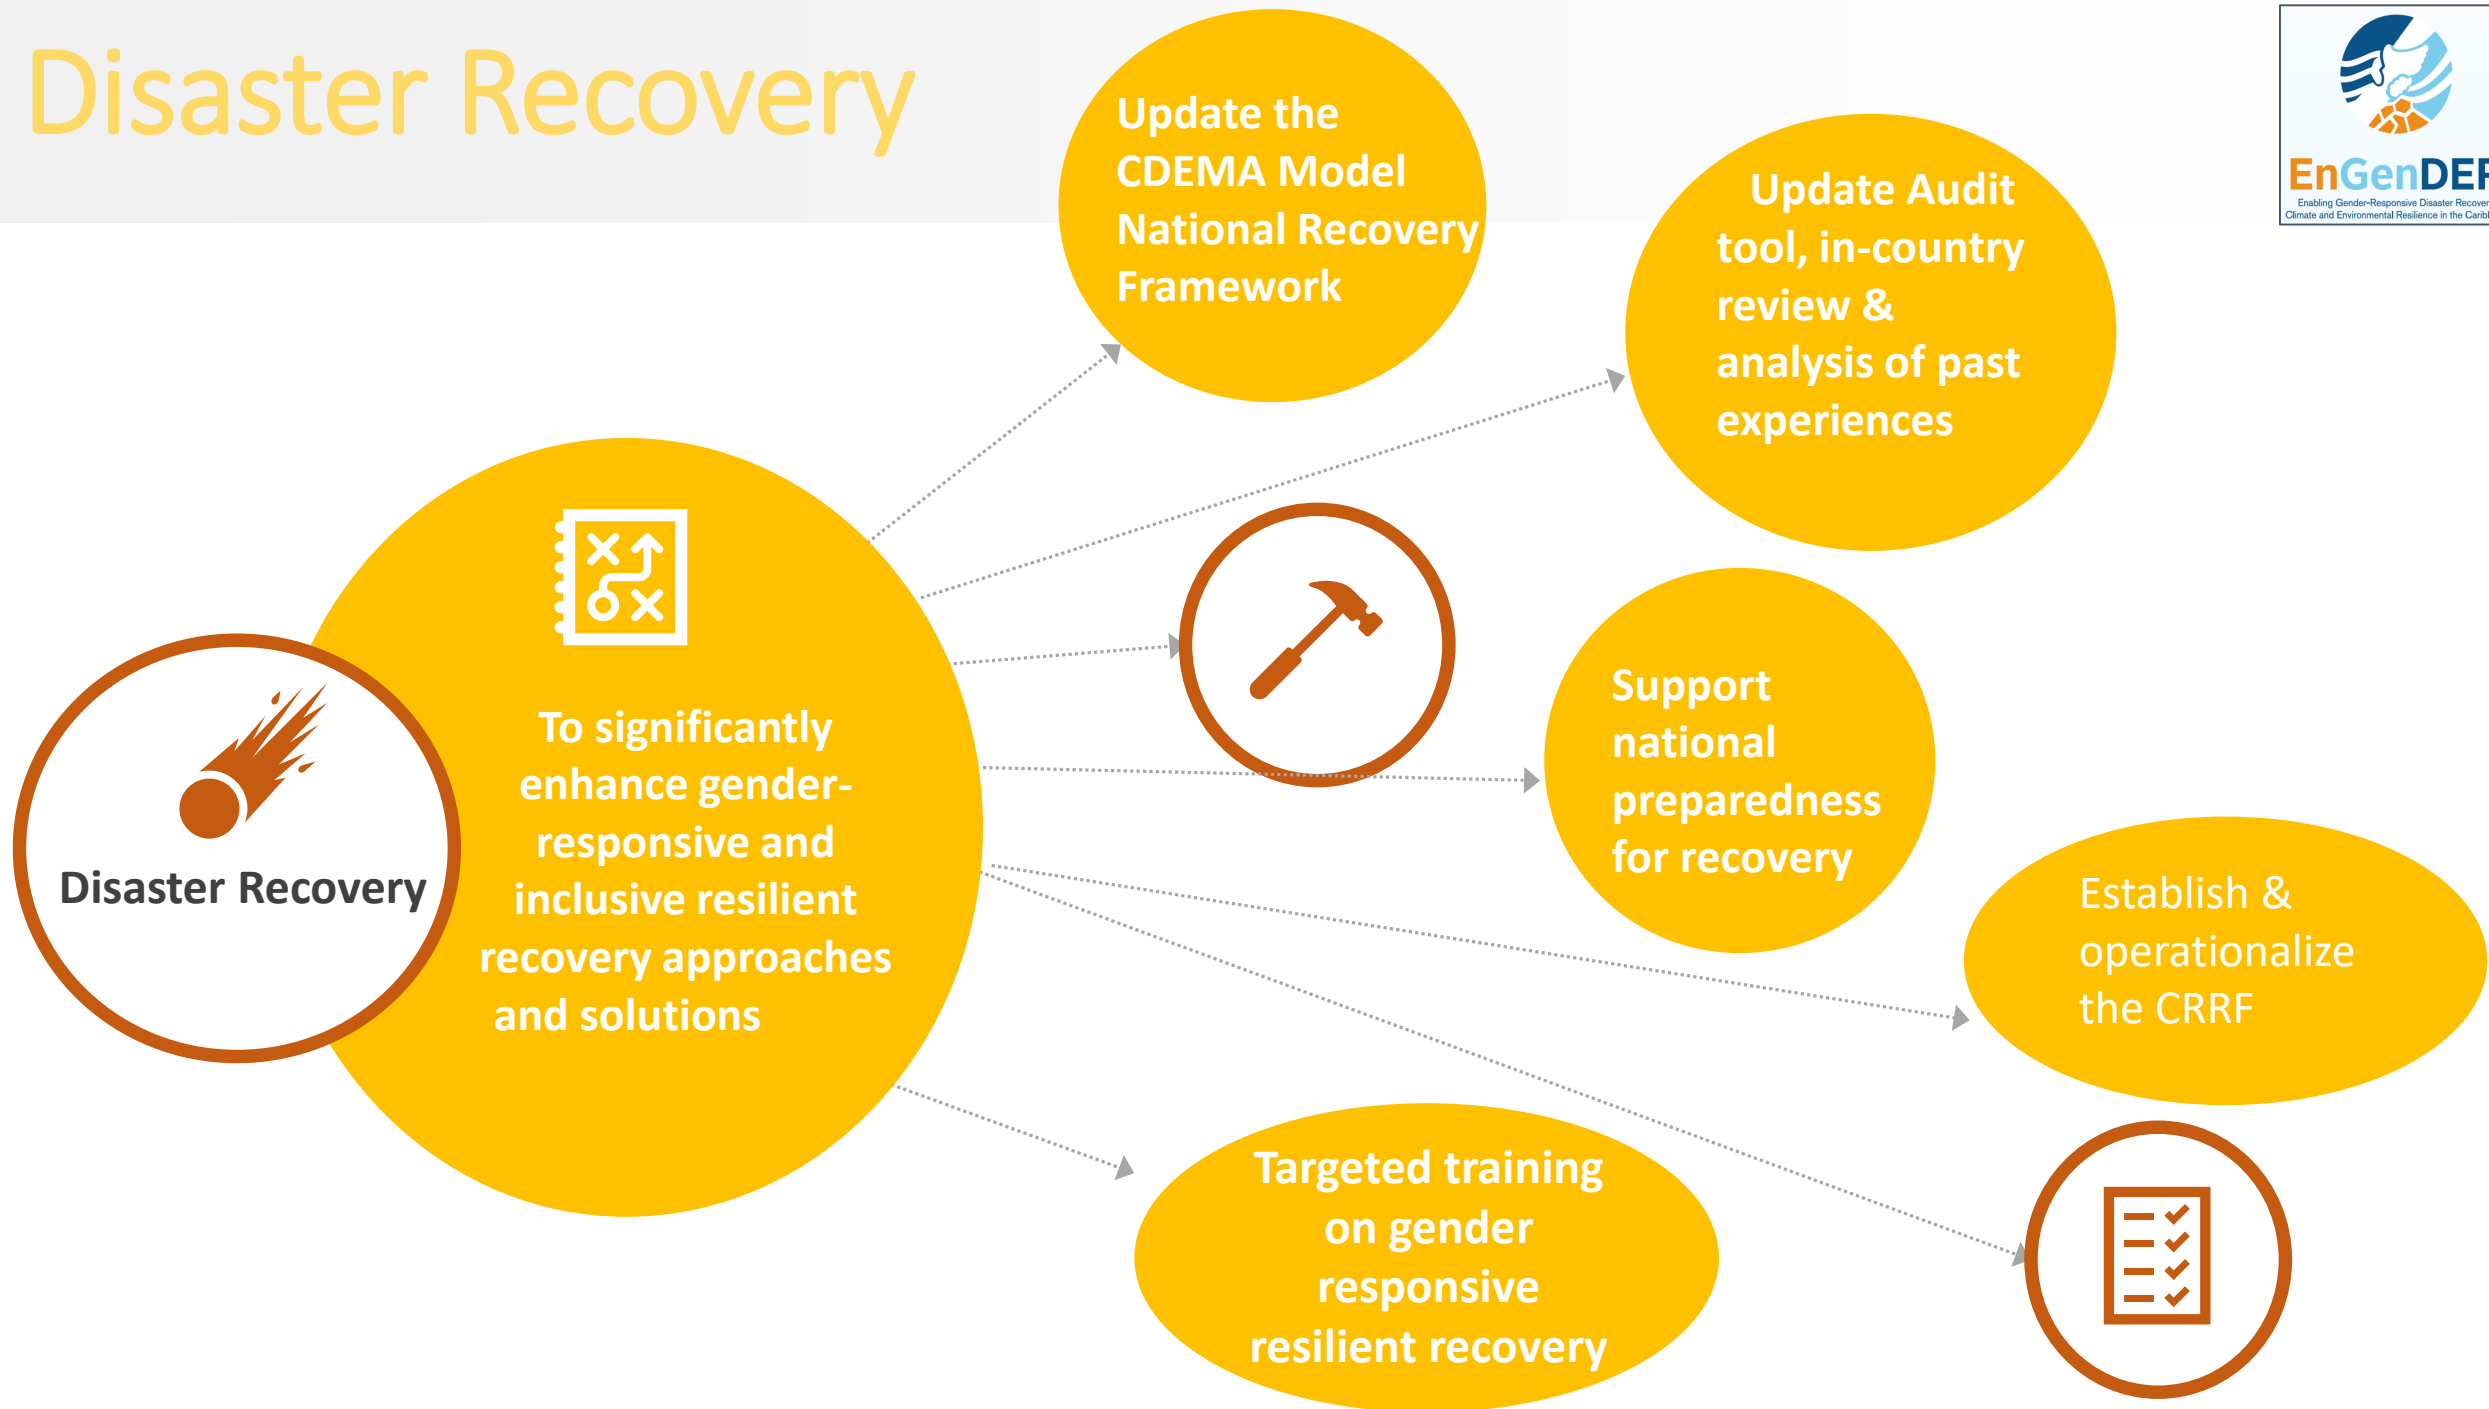

Climate Change

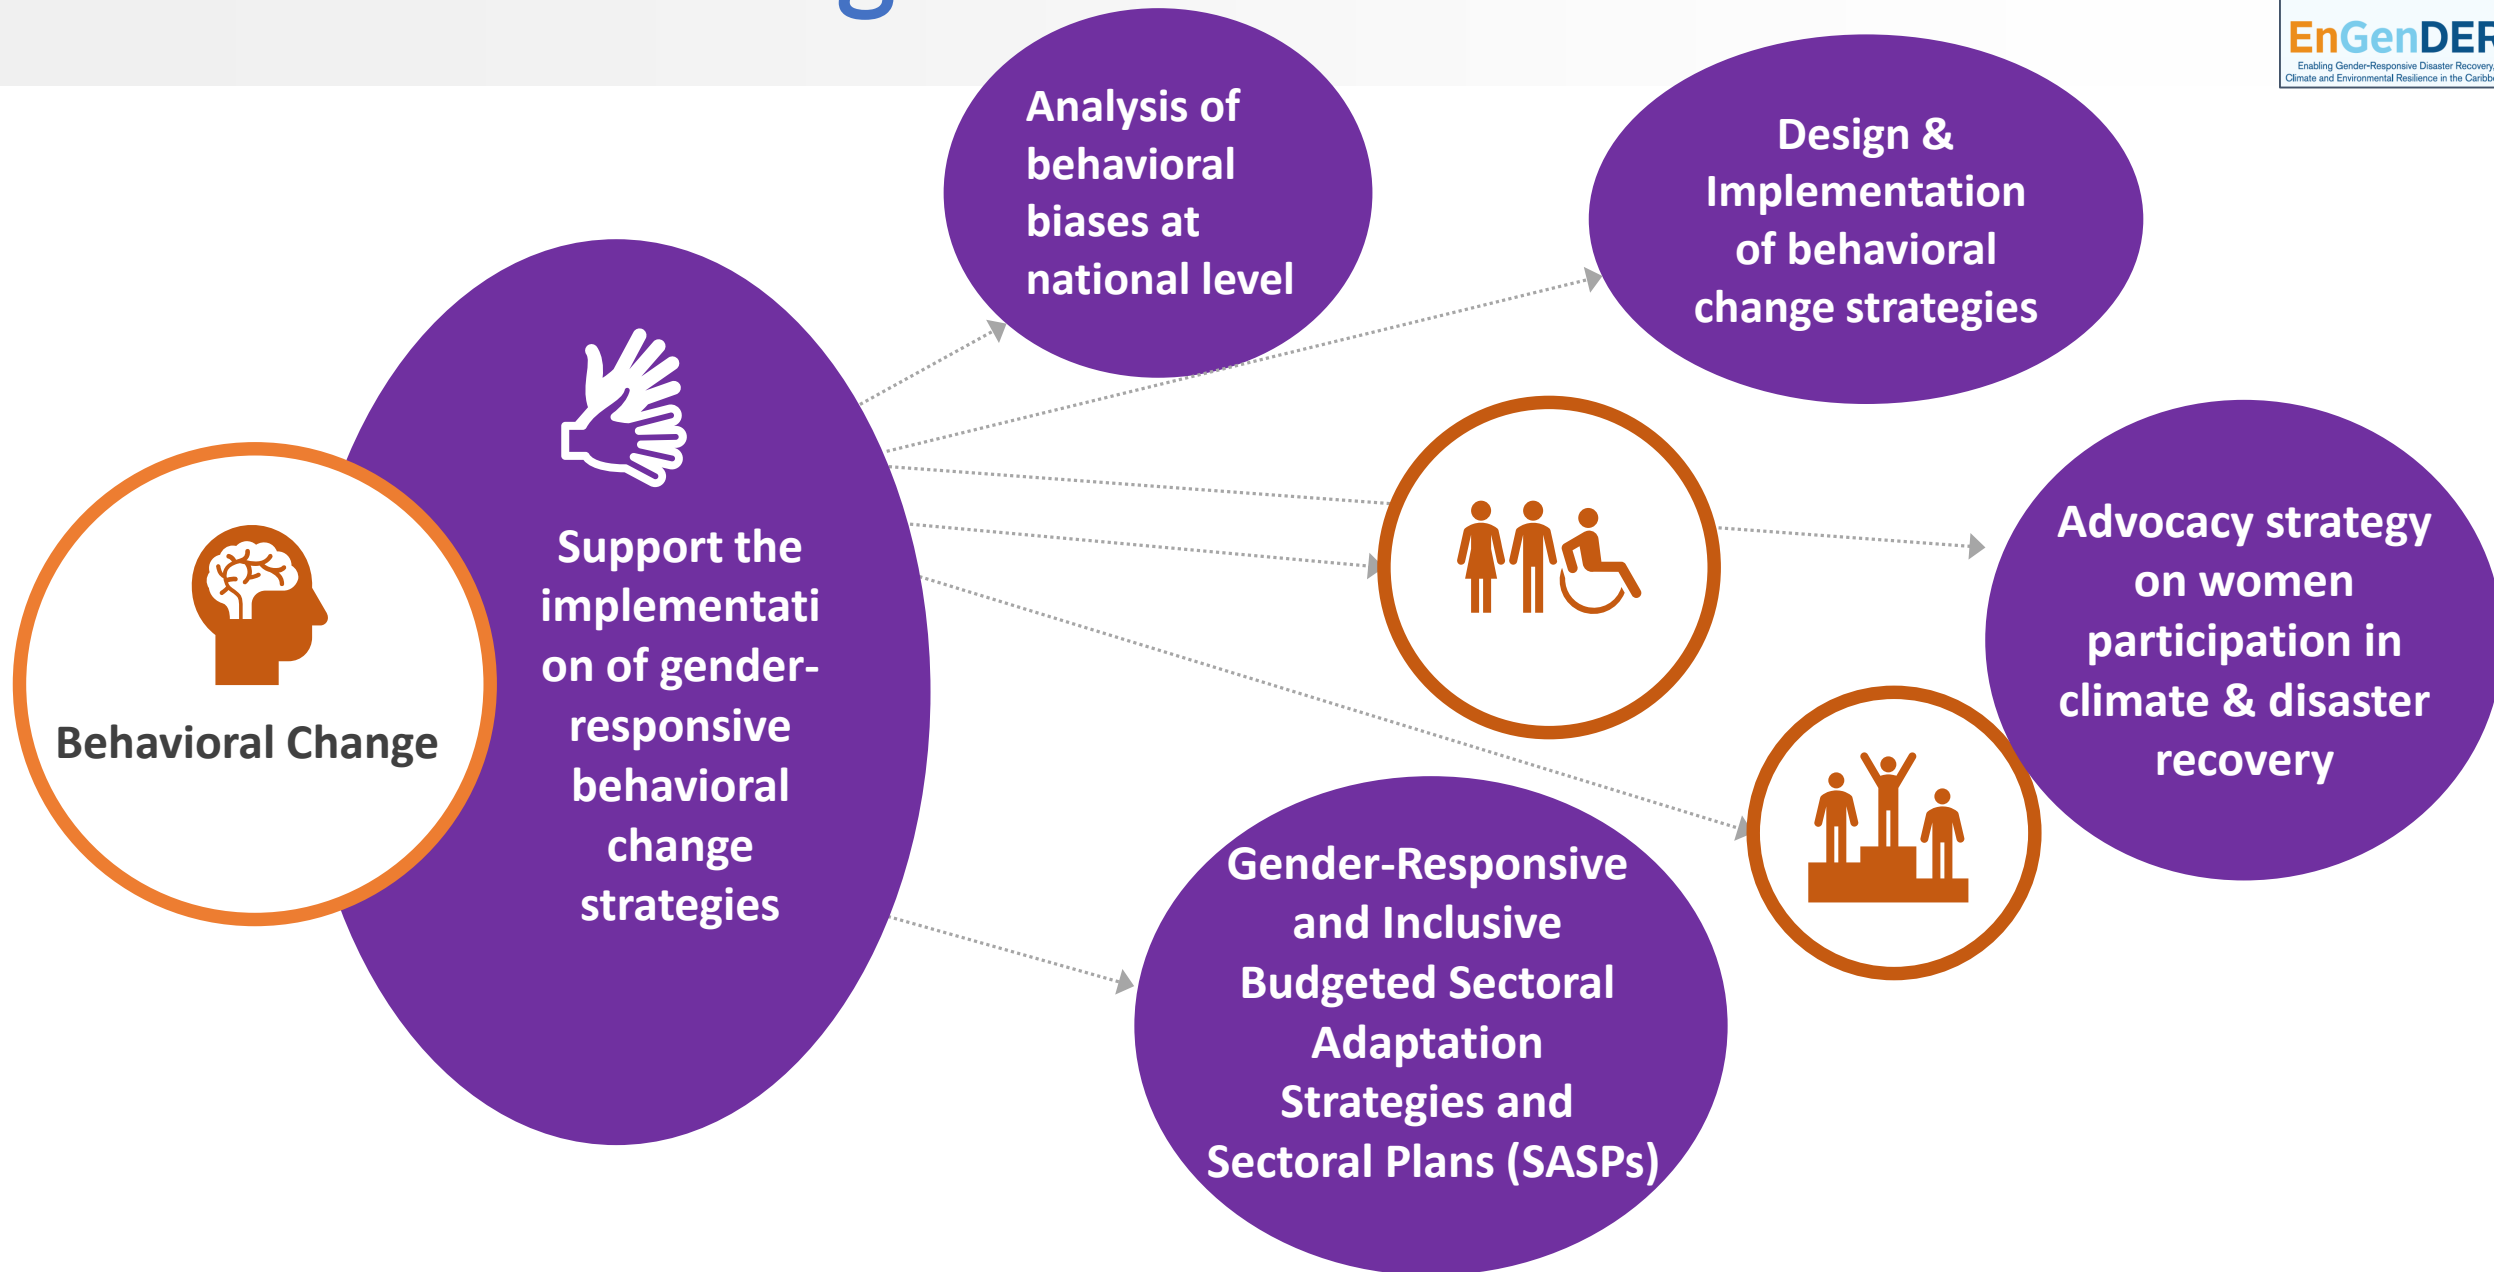

Gender Inequality

Disaster Recovery

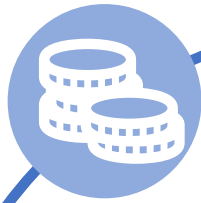

Behavioral Change

COVID Response

Income Support

Income support for the most vulnerable, including women, persons with disabilities, the elderly and individuals who lost their jobs due to the COVID

Funds

USD 1,149,000 of EnGenDER resources

Gender-based Violence

Support to initiatives that tackle Gender-Based Violence and provide direct assistance to women victims of violence, with special emphasis in rural and small communities

Essential Goods and Services

Support to initiatives that facilitates the delivery of essential goods and services, such as food, medicines and care services to those have lost their ability to access same.
