

PRELIMINARY AGENDA

Artificial Intelligence and Smart Transcriptions: Making Parliaments More Accessible and Inclusive

Meeting of the ParlAmericas Parliamentary Staff Network on Open Parliament

 Virtual | Friday April 17, 2026

[REGISTRATION LINK](#)

Building on the growing interest of parliaments in the Americas and the Caribbean to incorporate artificial intelligence (AI) into their daily work, this session will explore experiences in implementing AI in parliamentary debate transcription. It will cover the steps needed for adoption, the contribution of AI to legislative transparency and efficiency, and the mechanisms to ensure responsible use that integrates a gender perspective and prevents the reproduction of biases.

This event will feature simultaneous interpretation in English, Spanish, and Portuguese.

A. 08:30 (UTC – 06:00)	B. 09:30 (UTC – 05:00)	C. 10:30 (UTC – 04:00)	D. 11:30 (UTC – 03:00)
Belize Costa Rica El Salvador Guatemala Honduras Mexico - Mexico City Nicaragua	Colombia Ecuador Jamaica Panama Peru	Antigua and Barbuda Barbados Bolivia Canada - Ottawa Cuba Chile - Santiago Dominica Dominican Republic Grenada Guyana Saint Kitts and Nevis Saint Lucia Saint Vincent and the Grenadines The Bahamas Trinidad and Tobago	Argentina Brazil - Brasilia Paraguay Uruguay Suriname

Welcoming Remarks

A. 08:30 (UTC – 06:00)	B. 09:30 (UTC – 05:00)	C. 10:30 (UTC – 04:00)	D. 11:30 (UTC – 03:00)
----------------------------------	----------------------------------	----------------------------------	----------------------------------

- **Diego González**, Secretary General, Senate of the Republic of Colombia, and General Coordinator of the ParlAmericas Parliamentary Network on Open Parliament

AI for Parliamentary Transcriptions: Regional Experiences

A. 08:45 (UTC – 06:00)	B. 09:45 (UTC – 05:00)	C. 10:45 (UTC – 04:00)	D. 11:45 (UTC – 03:00)
----------------------------------	----------------------------------	----------------------------------	----------------------------------

This session will explore how parliaments in the region are currently implementing artificial intelligence to automate the preparation of parliamentary transcriptions, identifying the steps required for adoption. It will also analyze the main impacts of the tool's use in this way – particularly in contributing to strengthening transparency, enhancing institutional efficiency, and improving legislative processes from an open parliament perspective.

- Moderator: **Christopher Henry**, Director General of Digital Enablement and Innovation, House of Commons of Canada, and Regional Coordinator for North America of the ParlAmericas Parliamentary Staff on Open Parliament
