Ottawa, June 6, 2022

**ParlAmericas participates in the Parliamentary Gathering on the Occasion of the IX Summit of the Americas that begins today in Los Angeles.**

A ParlAmericas parliamentary delegation, composed of legislators from the Americas and the Caribbean, is attending the **Parliamentary Gathering on the Occasion of the IX Summit of the Americas**, organized by the House Democracy Partnership (HDP) of the U.S. House of Representatives, which begins today, June 6, 2022, in the city of Los Angeles, United States.

During the next two days, the participating parliamentarians, together with fellow legislators from the host country and from different parliaments across the hemisphere, will have the opportunity to share experiences and good legislative practices on the topics that will be addressed during the IX Summit of the Americas **"Building a sustainable, resilient and equitable future"**, which will have five thematic areas: democratic governance, health and resilience, green future, energy transition, and digital transformation.

In addition, and thanks to an invitation extended to ParlAmericas by the Young American Business Trust, parliamentarians will be able to attend the VI Young Americas Forum to be held on June 8 and 9. The Forum, which will be held in person and virtually, will provide a space for youth representatives to present recommendations to the Summit based on the [5 C's of Youth Development](#): climate change, COVID-19, collaborating with youth, combating corruption, and connectivity and digital transformation.

This series of activities are part of ParlAmericas' mission objectives, which seek to promote parliamentary participation in the inter-American system and contribute to inter-parliamentary dialogue on issues of hemispheric importance. Thus, since its creation prior to the III Summit of the Americas, held in Quebec City, Canada, in 2001, ParlAmericas has led the participation of parliaments in the Summits of the Americas.
