Three System Pillars Sustain Guyana's Care Model:

Sustainable Public Financing

Digitisation a quiet but critical component in Guyana's care system

Education as a Care Platform

Why Our Care Policy Work in Practice

**Lesson 1: Embed Care in Policy
and Law**

**Lesson 2: Expand Incrementally,
but Systemically**

**Lesson 3: Link Care to Economic
and Development Goals**

**Lesson 4: Redistribute Care, Not
Just Recognise It**

Guyana's Birth Through Life Care System demonstrates that:

- Care can be **planned, financed, and governed**
- Care systems can promote **equity, dignity, and productivity**
- And care is not a cost, it is a **multiplier for sustainable development**
