

Sample Code of Conduct for Digital Engagement

*For Political Parties and/or
Parliamentarians*

This sample code of conduct is part of the toolkit for parliamentarians and legislators which draws upon findings from the regional study and the meeting of Caribbean Women Parliamentarians on catalysing regional action on technology-facilitated gender-based violence against women in public life in the Caribbean, undertaken through a collaboration between UNFPA, ECLAC, and ParlAmericas. It also reflects the lived experiences and recommendations of women leaders across the region.
